

## **(9<sup>th</sup> – 10<sup>th</sup>) Counselor In Training Camp Curriculum**

This program is designed to adequately and professionally equip 9<sup>th</sup> and 10<sup>th</sup> graders in the area of child-care development. Counselors-in-Training will acquire hands-on experience in the area of mentorship with a role model perspective that involves our younger camp participants. CIT Campers will participate in weekly swimming and daily field trips with School Age Campers.

It is our philosophy to introduce the scriptures at a young age. Use of the (NIV) or New Living Translation is recommended. Please note that all curriculum / teachings are aligned and affiliated with the Assemblies of God Church Denomination.

### **Important Information / Guidelines**

Each CIT will be supervised at all times. The Director(s) and Staff Coordinator will conduct daily training and delegation of responsibilities. Training aspects will build and promote Christian principles, servant leadership, age-appropriate curriculum, planning / implementation, and camper safety. The Staff Coordinator of the CIT program is strategically chosen based on their credentials and experience to benefit your teenager.

Upon submission of CIT registration the Camp Administration reserves the right to accept or refuse the registration. If approved, an interview / informational session will take place with each potential teenage participant and their parent / primary custodial guardian. If accepted, a personal reference request form will need to be completed and submitted. Understand, if any type of criminal history or disorderly behavioral conduct is present, the applicant will be denied entry. This is to ensure the well-being of the minors that we service along with the Camp's integrity.

Each CIT participant is required through ethical and spiritual conduct, to abide by the camp contract, guidelines, policies, and procedures.

Campers who participate in the CIT program may be eligible for employment in Faith Kids Camp at the completion of 10<sup>th</sup> grade.
