

Ms. Leslie Castellanos

I serve as Assistant Counselor in the After School Program and Field Trip Leader for Faith Kids Camp.

My family consists of two loving parents and two younger brothers.

Currently, I attend Arlington High School. Last year I chose to attend the Bible Club out of the variety of clubs offered at Arlington. Over the summer I trained to be a link leader and throughout the year planned different activities for the freshman to get involved in.

I look forward to attending college and working towards a degree in Early Childhood Education. Presently, classes are offered at Arlington to prepare those of us interested in working with children. This year I am in a class with children who come to participate every other day. We are given subjects to both teach them and to observe other students teaching. Throughout the year and into the summer I further my involvement with children by working at various Vacation Bible Schools and outreach programs that allow children to hear about the love of God. All of this helps to prepare me in my future endeavors.

I also enjoy eating Chinese food. One of my favorite places is the Hudson Buffet.

I have to say my most favorite part about Schools Out is the interaction with the children in our various planned games and activities. Whether it's play time or going on field trips, Schools Out offers many different activities that keep the children engaged. What I love most about working with my co-workers is the love that they have for God and the dedication they give to the children.

I am blessed to have the opportunity to work at an amazing after school and summer camp program surrounded by a Christ-like atmosphere. I love being able to see people becoming closer to God and accepting Him into their heart. Being able to watch young children learn about the miracles God is truly a blessing.

In Christ,

Ms. Leslie
